Lost Skills In Cookery Craft And Culture: The Curious Peasant is a fascinating and informative book that explores the lost skills of traditional cookery. It is a must-read for anyone interested in cooking, history, or culture.

The book is divided into three parts. The first part, "The Craft of Cookery," discusses the basic skills of cooking, such as knife skills, fire building, and fermentation. The second part, "The Culture of Cookery," explores the role of food in different cultures around the world. The third part, "The Curious Peasant," is a collection of essays on various topics related to cooking, such as the history of bread, the art of cheesemaking, and the importance of local food.

Lost Skills In Cookery Craft And Culture is a beautifully written and illustrated book that is full of valuable information. It is a must-read for anyone interested in cooking, history, or culture.

### **The Craft of Cookery**

The first part of the book, "The Craft of Cookery," discusses the basic skills of cooking, such as knife skills, fire building, and fermentation. These skills

are essential for anyone who wants to cook traditional food. Knife skills are important for preparing ingredients, fire building is important for cooking food, and fermentation is important for preserving food.

The book provides clear and concise instructions on how to perform these skills. It also includes tips and tricks that will help you to master these skills quickly and easily.

### **The Culture of Cookery**

The second part of the book, "The Culture of Cookery," explores the role of food in different cultures around the world. Food is a central part of every culture, and it can tell us a lot about the people who eat it. In this section, the author discusses the different ways that food is used to celebrate, commemorate, and connect people.

The book also includes recipes from different cultures around the world. These recipes are a great way to learn about different cultures and to experience the flavors of the world.

### **The Curious Peasant**

The third part of the book, "The Curious Peasant," is a collection of essays on various topics related to cooking, such as the history of bread, the art of cheesemaking, and the importance of local food.

These essays are full of interesting and informative information. They will help you to understand the history of food and the role that it plays in our lives.

Lost Skills In Cookery Craft And Culture: The Curious Peasant is a fascinating and informative book that is full of valuable information. It is a must-read for anyone interested in cooking, history, or culture.
