One of the most important factors that has contributed to sectarianism in Iraq is the country's political system. Iraq has a long history of authoritarian rule, and this has led to a lack of trust between the different sectarian groups in the country. The current political system in Iraq is also based on sectarian quotas, which has further entrenched sectarian divisions.

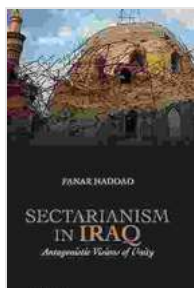

Economic factors have also played a role in sectarianism in Iraq. The country's economy is heavily dependent on oil, and this has led to a great deal of inequality between the different sectarian groups. The Shia majority

in Iraq has benefited disproportionately from the oil wealth, while the Sunni minority has been left behind. This has led to resentment and anger among the Sunni population, and it has contributed to the rise of sectarian violence.

Social factors have also contributed to sectarianism in Iraq. The country has a long history of ethnic and religious diversity, and this has led to a sense of competition and rivalry between the different groups. The lack of a strong national identity in Iraq has also made it easier for sectarian groups to mobilize their supporters.

The consequences of sectarianism in Iraq have been devastating. The country has been plagued by violence, displacement, and the deaths of thousands of people. Sectarianism has also undermined the country's economy and its social fabric.

There is no easy solution to sectarianism in Iraq. However, it is important to understand the causes of sectarianism in Free Download to develop effective strategies to address it. The book *Sectarianism In Iraq: Antagonistic Visions Of Unity* is a valuable resource for anyone who wants to learn more about this complex and important issue.
