Synopsis

Sweet Potato Latkes: The Great Thanksgiving Feud is a heartwarming and hilarious novel about two families who clash over a beloved Thanksgiving recipe.

The Goldbergs and the Silversteins have been next-door neighbors for years, and they've always shared a friendly rivalry. But when the Goldbergs decide to serve sweet potato latkes at Thanksgiving dinner, the Silversteins are outraged. They've always made potato latkes, and they don't think there's any room for innovation on Thanksgiving.

The two families feud over the latkes, and their Thanksgiving dinner quickly turns into a disaster. But as the feud continues, the Goldbergs and the Silversteins start to realize that there's more to Thanksgiving than just the food. They learn to appreciate each other's differences, and they come to understand that family is more important than any recipe.

Excerpt

"I can't believe you're making sweet potato latkes," Mrs. Silverstein said.
"That's not a Thanksgiving dish."

"Oh, come on," Mrs. Goldberg said. "They're delicious. And they're a lot healthier than potato latkes."

"Healthier, maybe," Mrs. Silverstein said. "But they're not traditional."

"Tradition is overrated," Mrs. Goldberg said. "It's time for a change."

The two women glared at each other, their faces flushed with anger.

"You know what?" Mrs. Silverstein said. "I'm not going to sit here and argue with you. I'm going home."

And with that, Mrs. Silverstein turned and walked out of the Goldberg's house.

Mrs. Goldberg watched her go, shaking her head. She couldn't believe that her neighbor was so upset about a simple recipe. But then again, Thanksgiving was a big deal for the Silversteins. They had been making potato latkes for generations, and they didn't like to change their traditions.

Mrs. Goldberg sighed and went back to the kitchen. She had a lot of work to do. She had to make the sweet potato latkes, and she had to prepare the rest of the Thanksgiving dinner. But she was determined to make it a special day, for her family and for the Silversteins.
