

The Encyclopedia of Military Interventions in Latin America: An In-Depth Exploration of a Troubled History

The history of Latin America is deeply intertwined with military interventions. From the Spanish conquest in the 15th century to the Cold War interventions of the 20th century, military force has played a significant role in shaping the region's political, economic, and social development.

The Encyclopedia of Military Interventions in Latin America is the most comprehensive and up-to-date reference work on this complex topic. This multi-volume work brings together leading scholars from around the world to provide an in-depth analysis of the causes, consequences, and enduring legacy of military interventions in the region.

Encyclopedia of U.S. Military Interventions in Latin America [2 volumes] by Daniel Abraham
